

The background of the slide features the official seal of the United States Department of Defense. The seal is circular, with a dark blue outer ring containing the words "DEPARTMENT OF DEFENSE" at the top and "UNITED STATES OF AMERICA" at the bottom in gold lettering. Inside the ring is a bald eagle with its wings spread, perched on a shield with vertical red and white stripes and a blue chief. The eagle is flanked by olive branches and arrows. Above the eagle's head is a semi-circle of thirteen gold stars, each on a thin gold pole.

RxCOTs Requirements of Interest

18 May 2006

**[Name Redacted] , MSC, USN
Director, DoD Pharmacy
Informatics**

Overview

- RxCOTS defined
- Advancements
- Requirements of interest
- Current Timeline

RxCOTS: What is it?

- The pharmacy software that will be replacing CHCS pharmacy

- In 150 hospitals in North America

Advancements

- Global Patient Record
 - Standardized across service and environment
 - Adaptable based on preferences
 - Minimal down time
 - Adapts to civilian laws proactively
 - All data in one system
 - Integration with automation including some inpatient
 - Enhanced Formulary Management
 - Enhanced Reporting Capabilities
 - Enhanced Clinical Screening
-
- But that's pharmacy stuff.....

EDD (Enterprise Drug Database)

- Single drug database for enterprise
- NDC based (One drug file per NDC)
- ALL files built by POC team
- Pulled down to MTF and dispensing site
- Benefits
 - Uniform data/policies
 - Increased data availability/ integrity
 - Creating uniform compounding items
 - Tri-Service Compounding Team

Perpetual Inventory

- Perpetual Inventory captured at time of order delivery
- DMLSS Interface
- Decrementated when filled
 - Includes Compound items (components)
- Incremented back if Return To Stock
- Automatic suggested orders based on your predefined desired stock levels (par levels)
- Accurate prices

Billing

- NCPDP 5.1 message
 - We use this for retail and mail order now
- Centricity (and most others) bill when the prescription is presented
- At the MTF we are going to fill it either way
- Bill at dispense (no reversals)

Notional Timeline

- CITPO contract

Take Home Points

- All drug files will be shared throughout the enterprise
- All NDC numbers will be accurate
- All prices will be accurate
- NCPDP 5.1 message sent at dispense
- No reversals needed
